

Sales Executive (Commission-Based) – SAGYBOAR

About SAGYBOAR

SAGYBOAR is an AI-native DevOps platform designed to simplify application deployment, monitoring, and infrastructure management for modern engineering teams.

Our platform enables businesses to deploy containerized applications, manage databases, and orchestrate complex workloads from a single dashboard. With one-click deployments, AI-powered infrastructure recommendations, intelligent monitoring, automated incident management, and fully managed hosting services, SAGYBOAR helps organizations move faster without the complexity of traditional DevOps.

In addition to our platform, we provide fully managed maintenance services for frontend, backend, QA, and DevOps operations through dedicated technical resources backed by AI-powered assistance.

Position: Sales Executive (Commission-Based)

Role Overview

We are looking for motivated and ambitious Sales Executives who can identify potential clients, generate leads, build relationships, and close deals for SAGYBOAR's DevOps platform and managed services.

This is a performance-driven, commission-based opportunity ideal for professionals who have strong communication skills, confidence in client interactions, and a passion for technology sales.

Responsibilities

- Identify and approach potential clients, startups, agencies, and businesses.
- Generate qualified leads through networking, referrals, LinkedIn outreach, cold calling, and other sales channels.
- Present SAGYBOAR's platform and managed services to prospective customers.
- Understand client requirements and recommend suitable solutions.
- Conduct product demonstrations and sales presentations.
- Negotiate pricing, contracts, and service agreements.

- Build long-term relationships with clients and maintain regular follow-ups.
 - Collaborate with the technical team to ensure smooth client onboarding.
 - Maintain accurate records of leads, opportunities, and closed deals.
 - Achieve monthly and quarterly sales targets.
-

Required Skills

- Excellent verbal and written communication skills.
 - Strong marketing and lead-generation abilities.
 - Client negotiation and relationship management skills.
 - Confidence in presenting products and services.
 - Ability to understand business requirements and propose solutions.
 - Self-motivated and target-oriented mindset.
 - Ability to work independently and remotely.
 - Basic understanding of SaaS, cloud technologies, software development, or DevOps is preferred but not mandatory.
-

Preferred Experience

- Experience in B2B sales.
 - Experience selling software, SaaS products, IT services, web development services, or cloud solutions.
 - Existing network of startup founders, business owners, CTOs, or technology decision-makers is a plus.
-

Compensation

- 100% Commission-Based Role
 - Attractive commission on every successful sale.
 - Unlimited earning potential based on performance.
 - Performance bonuses for high achievers.
 - Long-term partnership opportunities for top performers.
-

Why Join SAGYBOAR?

- Sell an innovative AI-powered DevOps platform.
- High-demand product targeting startups and growing businesses.
- Flexible working hours.

- Work remotely from anywhere.
 - Unlimited commission opportunities.
 - Opportunity to grow with a fast-growing technology company.
-

How to Apply

Interested candidates are invited to apply by sending their updated resume along with their contact details to:

Email: souravrathore15@gmail.com

Application Requirements

Please include the following information in your application:

- Updated Resume/CV
- Full Name
- Contact Number
- Email Address
- Current Location
- Relevant Sales/Marketing Experience (if any)
- LinkedIn Profile (optional)
